In re Application of :  
Girard, et al. :  
Application No. 10/601,072 :  
Filed: June 19, 2003 :  
Attorney Docket No. BIOBANK.009CP1 :

ON PETITION

This is a decision on the renewed petition under 37 CFR 1.1.183, filed July 6, 2005, which is being treated as a petition to waive the requirements of 37 CFR 1.98.

Petitioners seek waiver of the requirement to submit a complete copy of the reference cited in the IDS filed March 14, 2005; PCT Publication Number WO 01/57190. Petitioner asserts that the document contains a sequence listing greater than some 5000 pages, and further, as petitioner believes that the USPTO has a copy of the listing in its electronic database, it would constitute an undue burden on both petitioners and the USPTO to process the complete paper file.

Based on inspection of the WIPO database, WO 01/57190 corresponds to PCT/US01/04098, the sequence listing of which has been entered in the USPTO electronic database.

As such, the petition is **granted**.

Telephone inquiries concerning this matter may be directed to the undersigned at (571) 272-3228.
